Create Reservation Cancel

Click here to make the reservation

In this screen i am booking a slot from 2.30pm IST to 10.30pm IST (8 hours)

Ne Click chat

From above screen you can see how to book the RACK

3. How to view unique credentials for each scheduled session

Click on User Portal or on below link <http://www2.ccierack.rentals/usercp/login>

If you are using the Collaboration Rack First Time, you need register again with the same Email ID, which you used earlier to schedule the session.

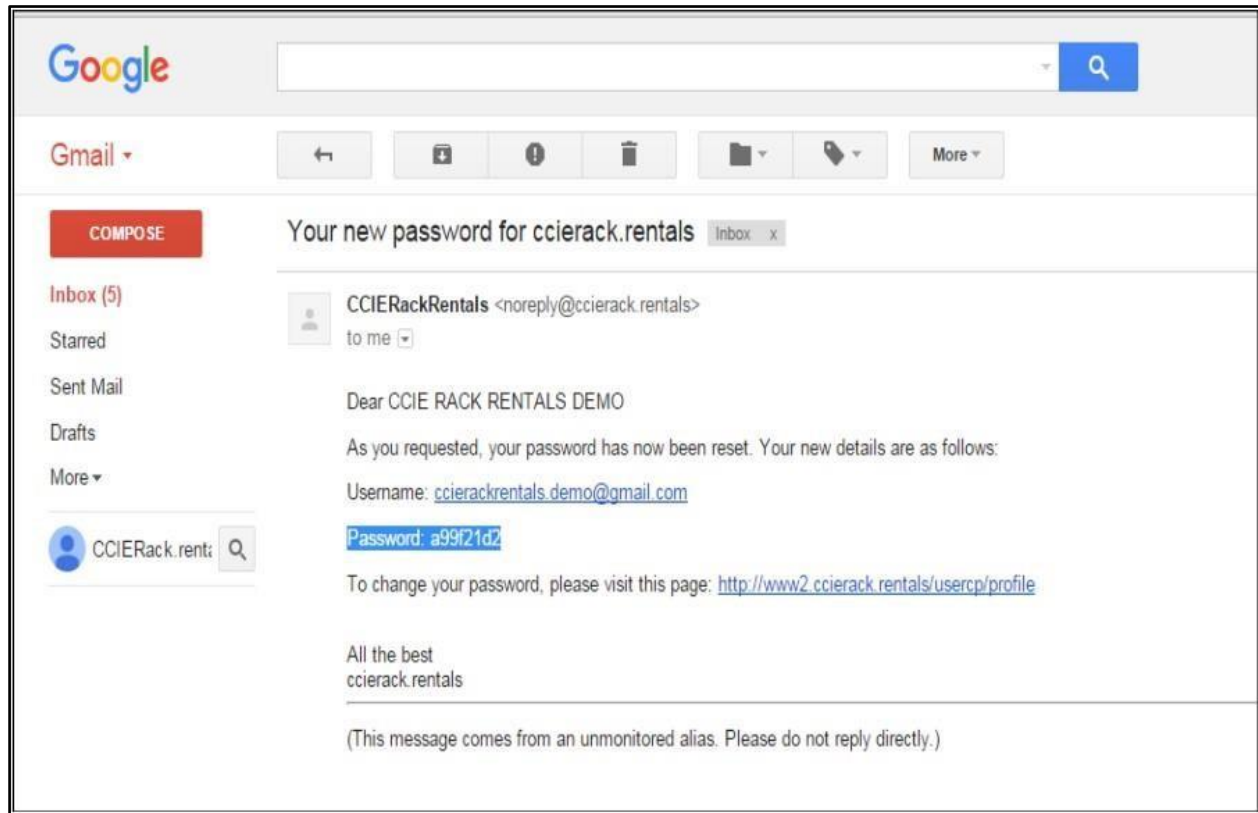

Click on “Register a New Membership”

The screenshot shows the CCIE Rack Rentals login and registration interface. At the top, the text "CCIE Rack.Rentals" is displayed. Below this, a message states: "Sign in to start your session. Please remember this account is separate than scheduler account." There are two input fields: "Email" with an envelope icon and "Password" with a lock icon. A blue "Sign In" button is positioned to the right of the password field. Below the input fields, the text "- OR -" is centered. Underneath, there are two links: "I forgot my password" and "Register a new membership". The "Register a new membership" link is highlighted with a red rectangular box, and a red arrow points to it from the right.

Note: You need to register to User Portal with the same email-id you used to login to the scheduler

After successfully registering, you will receive an Email with Password to login to the User Portal.

After that,

Login to User Portal

Username: (Your registered email address)

Password: (Password which you receive in the email)

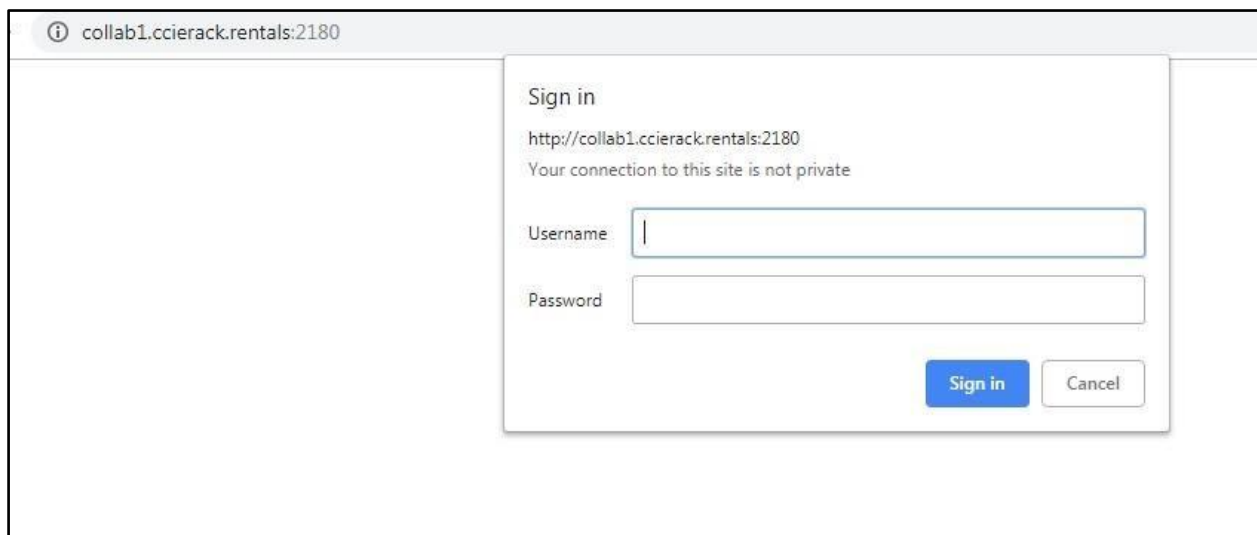

All your scheduled sessions are visible here along with unique session credentials.

4. Restoring Rack to Base Config

Browse the below URL for Rack 1

<http://collab1.ccierack.rentals:2180>

For Rack 2 : <http://collab2.ccierack.rentals:2280>

Username and Password: unique session credentials.

NOTE: IF PRIMARY LINK DON'T WORK USE SECONDARY LINK

For Rack 1: <http://214.ccierack.rentals:2180>

For Rack 2: <http://214.ccierack.rentals:2280>

Please Wait We are restoring VMS

Restore VM

Note: It will erase all your config.

It may take upto 3 minutes to restore all the devices. So please wait at least 3 minutes before you take access.

Select a vm: Rack1

submit

Click here

[Click here to Start RDP.](#)

Once you revert wait for 10-12 mins until all VM comes up before you access Candidate-PC.

5. How to Access Candidate-PC

Click on this **Click here to Start RDP** to access Candidate-PC after you revert all VM's.

NOTE: Don't access before 10-12 minutes since VM's will be getting reverted in backend.

Once clicked one RDP file will be downloaded.

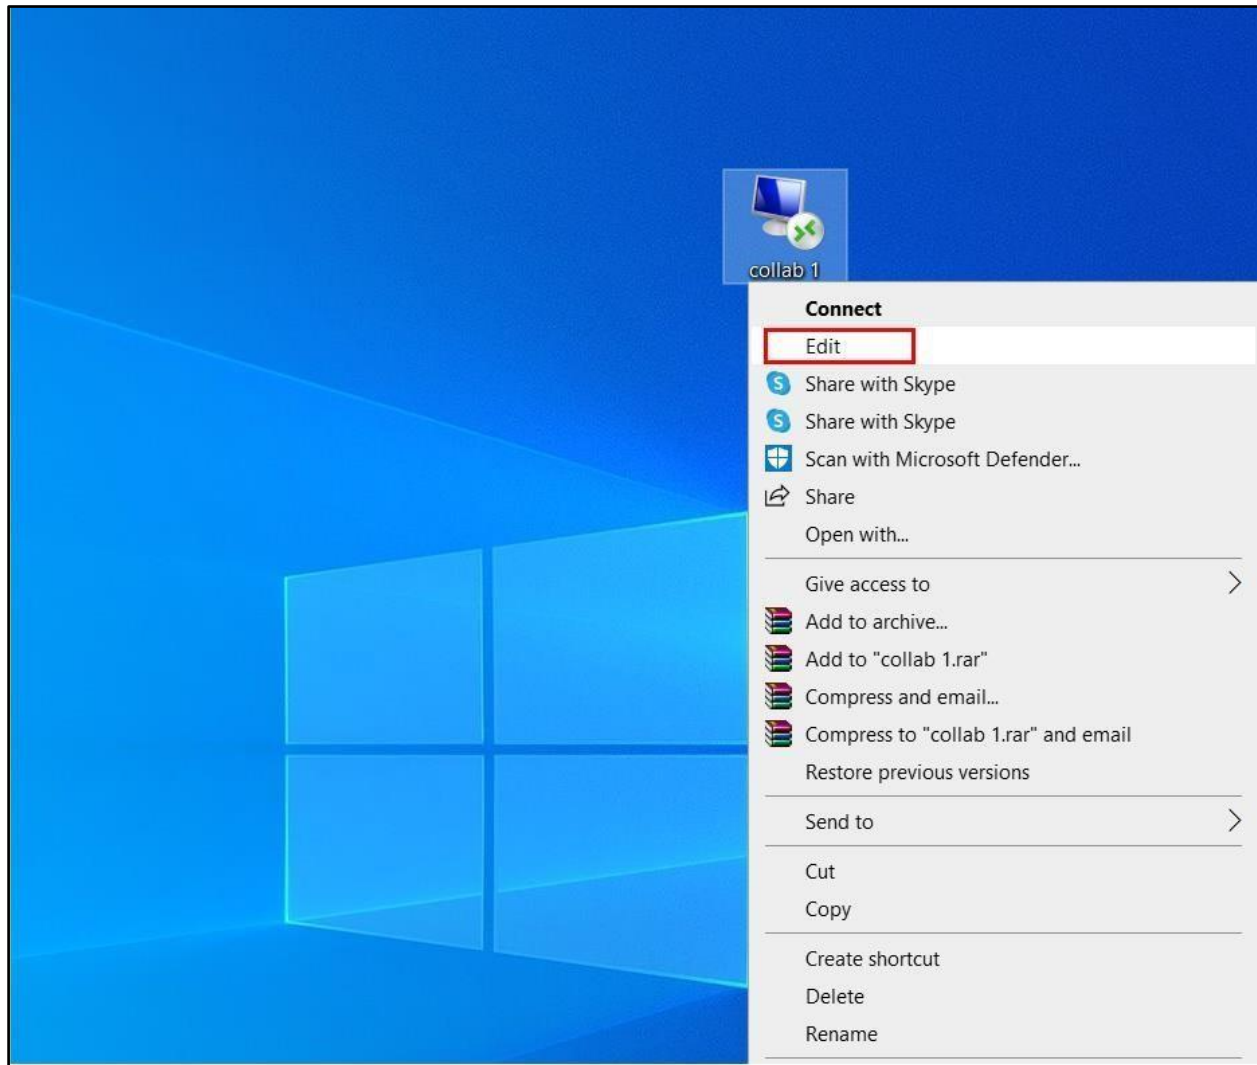

Restore VM

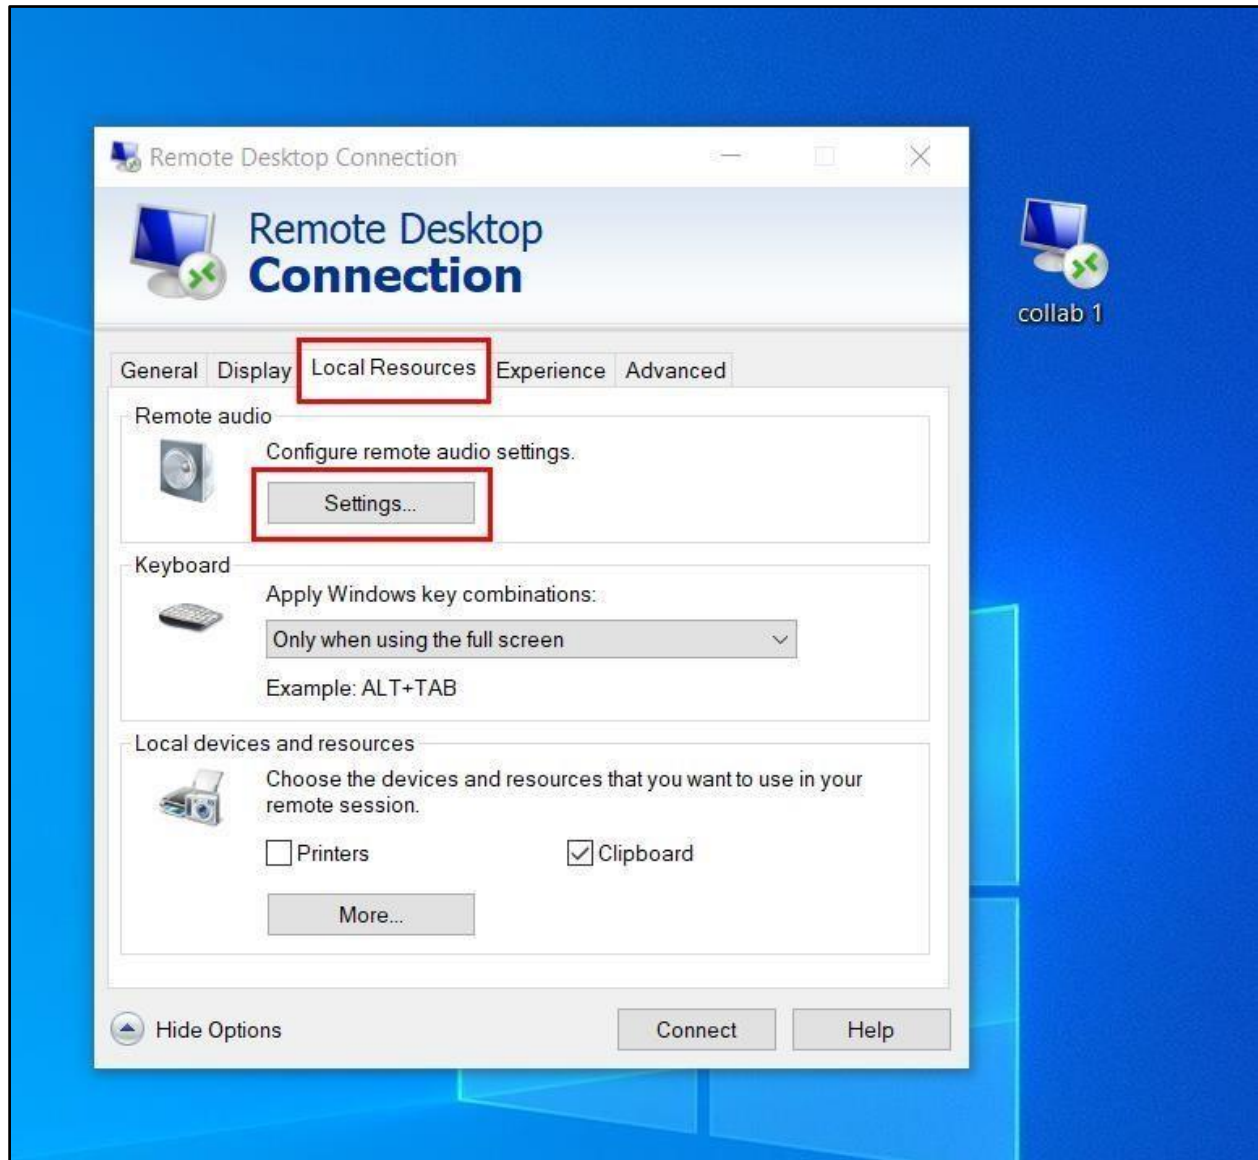

Note: It will erase all your config.

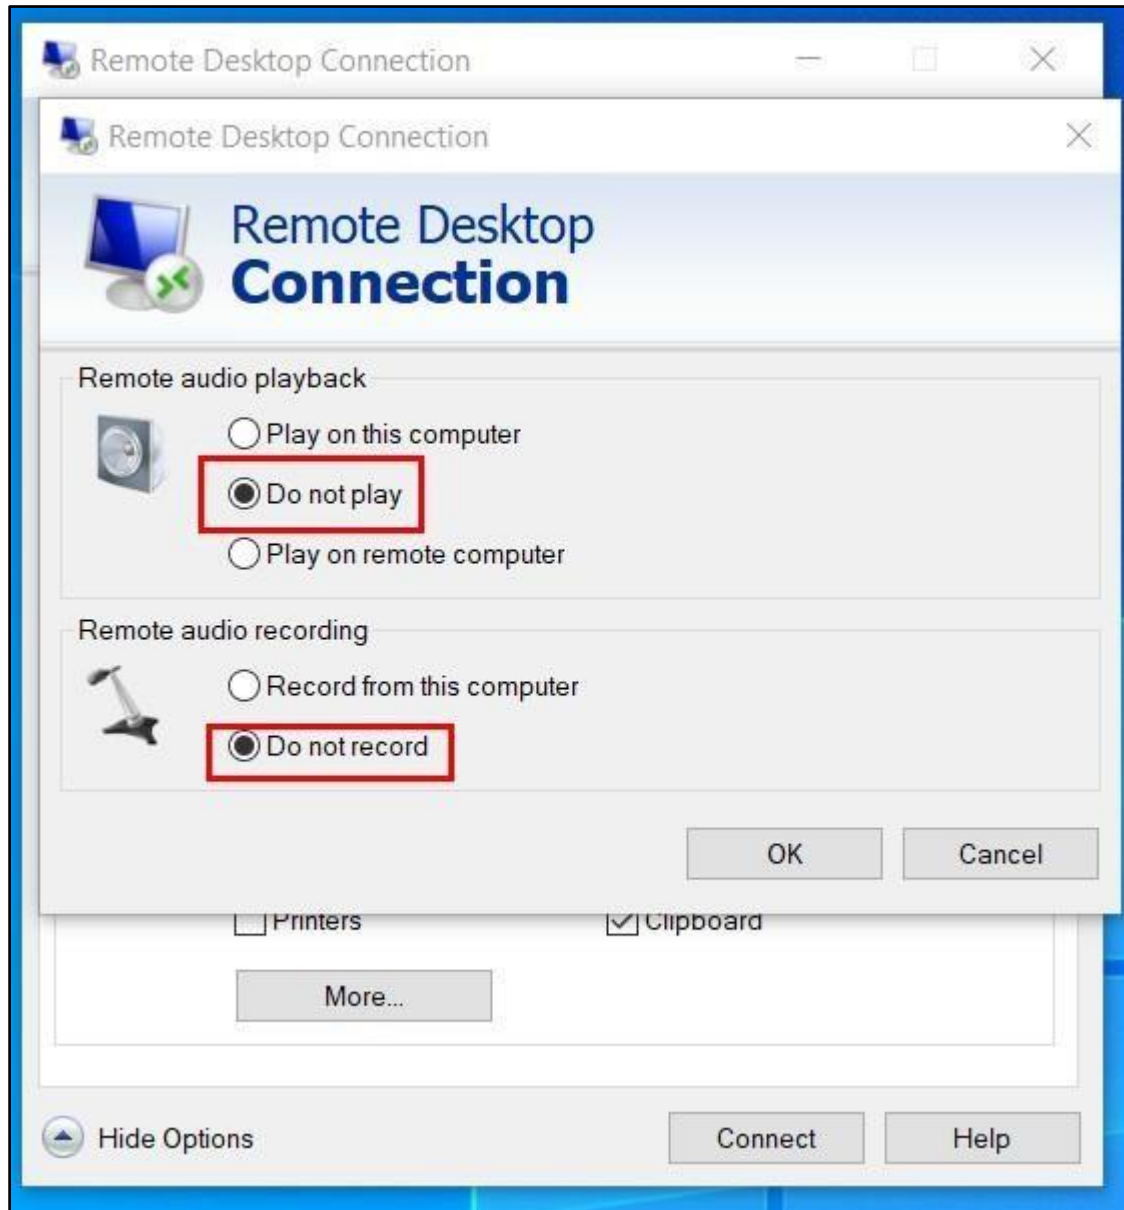

It may take upto 12 minutes to restore all the devices. So please wait at least 12 minutes before you take access.

Select a vm: Rack1 ▾

[Click here to Start RDP.](#)

Username: admin
Password: cciecollab

Restore VM

Note: It will erase all your config.

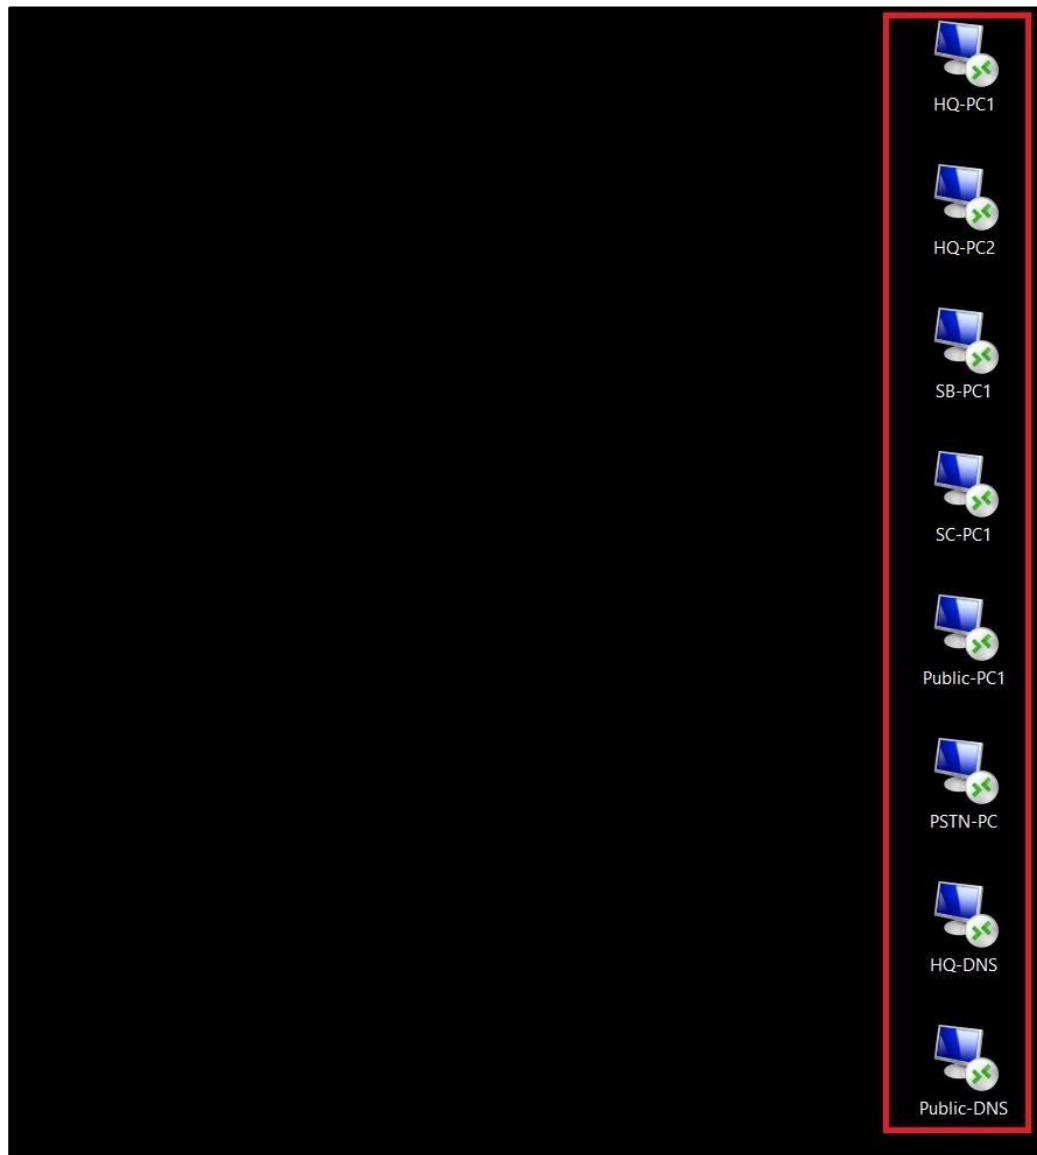

It may take upto 12 minutes to restore all the devices. So please wait at least 12 minutes before you take access.

Select a vm: Rack1

[Click here to Start RDP.](#)

6. How to Access other PC's

Click on the RDP files created on Desktop of Candidate-PC

7. How to Access CLI for all servers

Open Mputty Client-PCs Desktop.

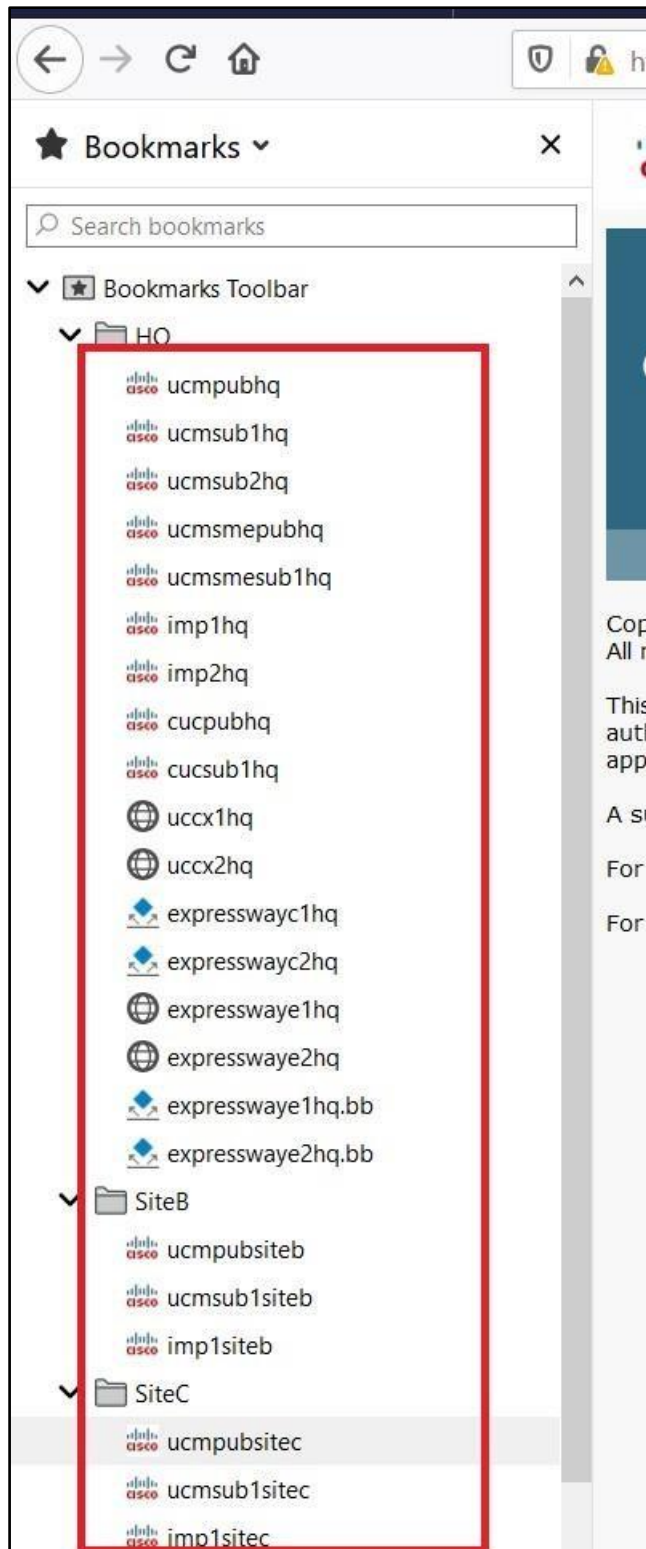

It has all preconfigured sessions for all the servers.

8. Accessing the GUI of all UC Applications

Click the Firefox icon on the desktop

Note: The shortcuts for the UC Applications are created as Bookmarks as shown below

9.Credentials for all Servers
